Andrej Zelník

PLATFORM ENGINEER

Builds and scales internal developer platforms on Kubernetes and multi-cloud infrastructure. Combines hands-on infrastructure ownership with a developer background to design platforms that engineering teams actually adopt.

WORK EXPERIENCE

Apr 2024 -- Oct 2026

SABBATICAL – career break

- Travel (Scandinavia, Singapore, New Zealand, Australia, Balkan), yacht captain license, motorcycle license

Mar 2021 -- Mar 2024 — Prague, CZ

CLOUD PLATFORM ENGINEER – Ataccama

- Operated 5+ Kubernetes clusters (AKS/EKS) across Azure and AWS serving 100+ engineers
- Built an internal developer platform adopted across 30+ services
- Designed reusable CI/CD pipeline templates that became the org-wide standard
- Managed 100+ on-demand Kubernetes environments for development, testing, PoCs and CI
- Reduced cloud infrastructure costs by 40% through resource optimization and environment lifecycle management
- Led developer onboarding to Kubernetes through deep-dive workshops and tutorials

Aug 2020 -- Feb 2021 — Prague, CZ

SENIOR PROJECT ASSOCIATE – Deloitte Czech Republic

- Introduced DevOps processes and principles, CI/CD pipelines and infrastructure-as-code for an insurance client migrating to Azure
- Designed microservice architecture and implemented cloud infrastructure provisioning

Sep 2019 -- Feb 2020 — Prague, CZ

DEVOPS SPECIALIST – Velvon (PPF Group)

Microservice-based retail banking platform for the German market in Microsoft Azure.

- Provisioned cloud infrastructure using Terraform and ARM templates
- Managed the internal developer platform (Microsoft Azure services, GitLab CI,…)
- Operated production-ready Kubernetes workloads on AKS

Oct 2015 -- Sep 2019 — Prague, CZ

DEVELOPER / DEVOPS – Home Credit International (PPF Group)

Microservice-based retail banking platform for the Indonesian market.

- Containerized the banking platform using Docker, introducing containers to the project for the first time
- Built CI/CD pipelines for containerized microservices
- Transitioned from application development to DevOps, taking ownership of container orchestration

Jan 2015 -- Sep 2015 — Prague, CZ

SPECIALIST – Air Bank a.s. (PPF Group)

- Developed Java-based core banking system components for the Kazakh market

Jul 2010 -- Dec 2014 — Prague, CZ

PROGRAMMER / SENIOR PROGRAMMER – Raiffeisenbank a.s.

- Built core banking modules, internet banking frontend, and APIs for mobile banking

Feb 2008 -- Jun 2010 — Prague, CZ

SOFTWARE ENGINEER – Logos / Ness Czech

- Delivered Oracle DB and Java solutions for banking and enterprise clients

Jun 2006 -- Dec 2007 — Antwerp, BE

B2B CONSULTANT – Porthus

- Customized a B2B customs clearance platform for enterprise clients (FedEx, J&J)

EDUCATION

MASTER'S DEGREE

University of Žilina -- Faculty of Management Science and Informatics

Management / Informatics

2000 -- 2006
